

FIBERLAST™ FIBERGLASS

FL-21 2-Panel

JELD-WEN brings nature and science together for the new generation of fiberglass doors offering durability, energy efficiency and performance.

A » PATENT PENDING FIBERGLASS SKIN

Unique blend of fiberglass, polyurethane resins and 35% recycled natural materials¹ (as certified by SCS) compression molded to create a durable skin that won't dent or rust.

B » WEATHER TIGHT EDGE

AuraLast® Wood stiles and top rail protect against water saturation, wood rot and termites.

Composite bottom rail prevents moisture absorption.

C » EXTRA STRONG LOCKBLOCK

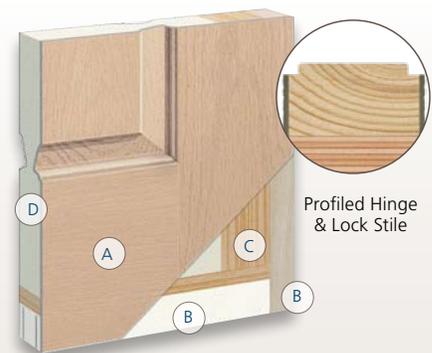

1-1/4" lock stile reinforced with full length 2-3/4" LVL internal stile for strength and stability. Provides a DP-80 performance rating when installed in an approved system² – the highest DP rating for JELD-WEN® Steel and Fiberglass doors.

D » ENERGY EFFICIENT

ENERGY STAR® qualified options available.³ Energy efficient Polyurethane foam core gives the door the feel of solid wood.

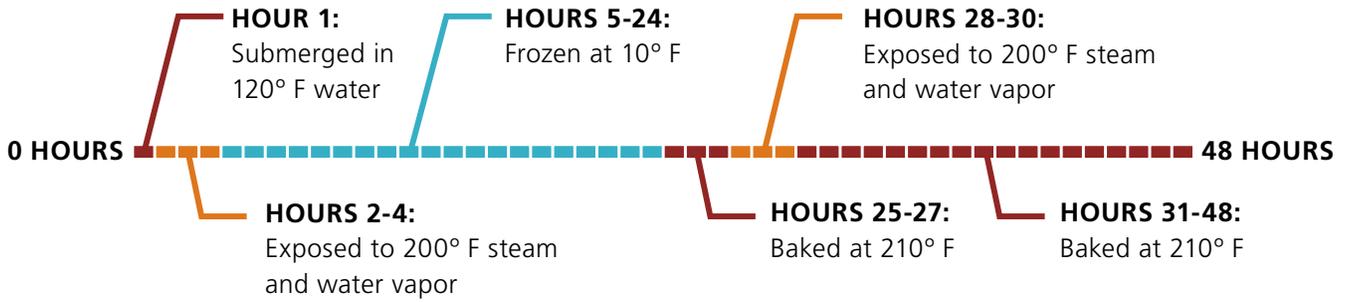

Pre-consumer
SCS-CERTIFICATION SYSTEMS
SCS-MC-02265

1. Recycled content percentages refer to the door slab and do not include the door frame or components. 2. See www.jeld-wen.com for certifications and door system requirements. 3. Energy performance ratings will vary with glass selection.

DURABILITY

The FiberLast™ skin was tested in accordance to ASTM D1037 Accelerated Weathering test typically used on exterior building products like cement board siding and composite decking.

48 HOUR TEST CYCLE COMPLETED 6 TIMES. **NOW THAT IS DURABLE!**

HOW TOUGH IS THE ASTM ACCELERATED WEATHERING TEST?

Consider other building products tested to ASTM D1037!

Composite Decking

Cement Board Siding

- » **HIGH STABILITY** - FiberLast is more stable under extreme hot and cold temperatures when compared to standard fiberglass and steel doors.
- » **DENT AND WEATHER RESISTANT** skin for long lasting beauty.
- » **MEETS FLORIDA BUILDING CODE (FBC) AND TEXAS DEPARTMENT OF INSURANCE (TDI)** requirements when ordered in an approved system with certified hardware. For information on structural certifications visit www.jeld-wen.com.

ADA Compliance

Many FiberLast Smooth doors have a 10-1/4" – 10-1/2" bottom rail that meets ADA 404.2.10 accessibility guidelines. For complete door compliance, follow the ADA's standards for door widths, clearance, threshold and hardware specifications.

Custom Sizes

Select styles available in custom widths and heights for the remodeling market. Contact your JELD-WEN representative for custom sizing information.

Handcrafted decorative doorglass adds beauty and mystique to your door. | The glass designs shown on this page are just a selection of the many glass options available with FiberLast doors. Please refer to the JELD-WEN exterior door full line brochure (part #10-568) for the complete offering.

The JELD-WEN website is your ultimate resource for learning about our reliable windows and doors. It has all the product information and design advice you need. Visit us at jeld-wen.com today.

OUR RELIABILITY PROMISE

JELD-WEN products can create lasting value for your home. We are so confident that you will be pleased with our Fiberglass Exterior Doors, that each one carries our industry-leading warranty. Here are just some of the highlights of our warranty...

THE EXTERIOR DOOR LIMITED WARRANTY INCLUDES:

- » Limited lifetime coverage against defects in material and workmanship on FiberLast door slabs
- » Limited lifetime coverage against wood cellular structure failure on AuraLast® pine door frames

JELD-WEN manufactures and sells both individual door slabs and complete door systems. This warranty does not cover parts or components not sold by JELD-WEN.

Important Legal Information

This Limited Warranty document sets forth our maximum liability for our products. We shall not be liable for special, indirect, consequential, or incidental damages. Your sole and exclusive remedy with respect to any and all losses or damages resulting from any cause whatsoever shall be as specified above. We make no other warranty or guarantee, either express or implied, including implied warranties of merchantability and fitness for a particular purpose to the original purchaser or to any subsequent user of the product, except as expressly contained herein. In the event state or provincial law precludes exclusion or limitation of implied warranties, the duration of any such warranties shall be no longer than, and the time and manner of presenting any claim thereon shall be the same as, that provided in the express warranty stated herein. This Limited Warranty document gives you specific legal rights, and you may have other rights that vary from state/province to state/province.

NOTE: The above information is a summary of key provisions of the **JELD-WEN Interior and Exterior Door Slab and System Limited Warranty** effective July 1, 2010. For a complete copy of the current warranty, see your sales associate or refer to www.jeld-wen.com.
