**What We Will Do...**

Upon receiving your notification, we will send out an acknowledgement within three business days of receipt to the contact identified. We will investigate your claim and begin to take appropriate action within 30 days after receipt of notification. If it is determined that the product does not have a defect covered by the warranty, we may charge an inspection fee for an onsite inspection that is required or requested by you. If we determine that there is a defect we will repair the product/component, or ship a replacement product/component to the distributor or person making the claim in the same specification as the product originally sold to the distributor. Replacement components/products are warranted for the balance of the original product warranty or 90 days, whichever is longer. If we are unable to provide replacement and repair is not practical or cannot be made timely then we will refund the purchase price. This guarantee gives you specific legal rights, and you may have other rights that vary from state/province to state/province.

If the claimed nonconformity is warp of a door slab, we may defer repairing or replacing the door slab for a period up to **twelve (12)** months from the date of claim. It is not uncommon for a temporary warp condition to occur as the door slab adjusts to local humidity and temperature conditions. This deferral will not be counted against the warranty period.

- Damage or poor product performance resulting from installation into a condition that exceeds product design standards and/or certified performance specifications and/or does not comply with applicable building codes.
- Hardware or inserts that are not provided by us, such as locksets, door handles, strikes, etc.
- Cost for labor, removal or disposal of defective product(s), installation or finishing of the replacement door or component.
- Incidental or consequential damage. Some states/provinces do not allow the exclusion or limitation of incidental or consequential damages, so this may not apply to you.

Note: Color variation of pre-finished molded doors is not considered a defect.
