**What We Will Do...**

Upon receiving your notification, we will send out an acknowledgement within three business days of receipt to the contact identified. We will investigate your claim and take appropriate action within 30 days after receipt of notification. If it is determined that our product does not have a defect covered by the warranty, we may charge an inspection fee for an onsite inspection that is required or requested by you. If it is determined there is a defect, we will repair the product or ship product to the distributor or person making the claim in the same specification as the original product sold to the distributor. Should a door panel split through, we will ship a replacement door slab and pay reasonable costs incurred up to \$150.00 for finishing and hanging the door slab. If we are unable to provide replacement and repair is not practical or cannot be made timely, then we will refund the purchase price. This guarantee gives you specific legal rights, and you may have other rights that vary from state to state.

If the claimed nonconformity is warp, we may defer repairing or replacing the door panel for a period up to **twelve (12)** months from the date of claim. It is not uncommon for a temporary warp condition to occur as the door panel adjusts to local humidity and temperature conditions. This deferral will not be counted against the warranty period.

**What This Warranty Does NOT Cover...**

We only manufacture door panels, sidelites and transoms (if applicable) of the door system. We do not assemble them into the frame nor do we provide parts or components (e.g. door frames or hardware such as hinges and locksets) with the exception of track hardware. Please see your distributor or dealer regarding the warranty on the entire door system and these other components.

We are not liable for:

- Warp which does not exceed 1/4" in the plane of the door panel itself; any warp for a 3'6" wide by 8' 0" (1067 mm by 2450 mm) high or door panels wider and/or higher are not guaranteed for warp.
- Normal wear and tear, including normal wear and tear of weatherstrip; and natural weathering of surfaces or variations in the color or texture of wood.
- Problems due to misuse, abuse, failure to follow the care and maintenance instructions; failure to provide an adequate overhang (See JELD-WEN Premium Wood Door catalog for appropriate exposures or consult your dealer if you have questions); or as a result of any cause beyond our control (e.g. fire, flood, earthquake, other acts of nature, and acts of third parties outside of our control).
- Problems related to: improper finishing of all surfaces (front and back) and edges (top, bottom, and sides) of the door system; variation or unsatisfactory results in sheen or texture resulting from the field application of paint or any other finishing material.
- Cost for labor, installation or finishing of the replacement door or component (unless specifically noted above).

- Bow or misalignment in the frame or jamb in which the door panel is hung; problems related to water and/or air infiltration due to improper assembly or installation; structural integrity issues or problems caused by improper fitting of the hardware or sizing of the panel.
- Hardware or inserts that are not provided by us, such as locksets, door handles, strikes, etc.
- Damage or poor product performance resulting from installation into a condition that exceeds product design standards and/or certified performance specifications and/or does not comply with applicable building codes.
- Incidental or consequential damage. Some states do not allow the exclusion or limitation of incidental or consequential damages, so this may not apply to you.
