

Northwest Aluminum Products, Inc

Insulated Glass Warranty

We, Northwest Aluminum Products, Inc., warrant the insulated glass against material obstruction of vision from dust or film formation between the sealed panes of glass, resulting from failure of the perimeter seal due to defective materials or defective workmanship in the manufacture of this product. This warranty shall not apply if the failure of the seal is caused by acts of God, improper installation by persons other than our employees, mishandling by persons other than our employees, or by any other cause whatsoever not within our exclusive control, and shall not apply unless the failure occurs and claim is delivered to us within five years after the units leave our possession. Our obligation is to replace the defective glass F.O.B. dealer's warehouse from which the original sale was made, not to install said unit or units. We can require an inspection be made by one of our employees prior to the replacement.

Warranty shall not cover units that are installed in other than a vertical plane, maximum allowance from vertical not to exceed 15 degrees. This warranty supercedes any and all warranties dated or undated prior to this date. July 19, 1977

Northwest Aluminum Products eventually became Summit Window and Patio Door.
