

Northwest Aluminum Products, Inc

Insulated Glass Limited Warranty

We, Northwest Aluminum Products, Inc., warrant our insulated glass against substantial obstruction of vision from dust or film formation between the sealed panes of glass, resulting from failure of the perimeter seal due to defective materials or defective workmanship in the manufacture of this product. This warranty shall not apply if the failure of the seal is caused by Acts of God, improper installation by persons other than our employees, mishandling by persons other than our employees, or by any other cause whatsoever not within our exclusive control, and shall not apply unless the failure occurs and claim is delivered to us within five years after the units leave our possession. Our obligation is to replace the defective glass F.O.B. dealer's warehouse from which the original sale was made, not to install said unit or units. We can require an inspection be made by one of our employees prior to the replacement thereof.

**Exception. Warranty shall not apply to any unit which has an angle more than or less than 90 degrees. Nor does the warranty apply to units installed which exceed 15 degrees from vertical. This warranty supercedes all warranties prior to December 1, 1981.

Northwest Aluminum Products eventually became Summit Window and Patio Door.
